

CAST 18

Spring Trials 2018 travel and event information

The Ball Research Facility is located just 15 minutes from Ventura, directly off Highway 126 on Briggs Road.

Directions

Santa Paula is easily accessible from any of the Los Angeles area airports. Our facility is approximately 85 miles north of Los Angeles. You can also arrange for a flight into the Santa Barbara airport, located about 50 miles from our facility. If you are traveling from the north, we are about 90 miles south of Lompoc. If you have any questions regarding directions, please call 805 525-3348.

Ground Transportation

All car rental agencies are available at Los Angeles International Airport (LAX) and Santa Barbara Airport (SBA).

More Information

Contact Event Coordinator Janessa Bender if you have any questions:
Phone: 630 588-3187 or springtrials@ballhort.com

We hope to see you at CAST April 14-17 in Santa Paula!
